Privilege of the Floor

Clerk Tampio: There is no one here and we have not received any communications.

Proposed Resolution - Chautauqua County Office for Aging Services Advisory Council

Chairman Pavlock: It's a new appointment for Dr. Hamels and Laila Denoya. Any comments or questions?

Legislator Whitford: I'm on the Advisory Council. This is a great addition. Dr. Hamels has been active in a lot of things and has been on the board for COI for many years and I think this is a great addition, these two individuals.

Chairman Pavlock: Are they both new appointments?

Legislator Whitford: Yes.

Chairman Pavlock: It's good to get new people in that are willing to join some of these boards and help with some community things. Any other questions or comments?

Proposed Resolution – Amend Chautauqua County Health & Human Services 2021
Adopted Budget for Increased Home Energy Assistance Program
Costs

Ms. Lis: Basically it's a pretty simple resolution we have here. HEAP is a program that hits us at the beginning of the year because we are paying now for last winter. When I put the budget together, we had seen a couple of years where we were spending less so we decreased our budget in HEAP but now we're back up kind of to where we have been. You just never know who you are going to get and of course last winter was probably tough on people. So we need to add some to that budget and I'm taking it out of our State training school budget because we are looking pretty good there. We had budgeted for 4 kids to be there for the entire year. One of them has gone into after care which is free. We haven't added any kids and now we're getting half way through the year so I feel like probably \$30,000 is a drop in bucket over there. So I took the funding from that to cover for HEAP.

Mrs. Dennison: I just noticed a couple of typos. I don't know why we didn't catch these the first time around but just a formatting thing. Under the increase appropriation and decrease appropriation there are a couple of periods missing. So under the increase appropriation, it should read A.6141.----.4 and then the same thing under the decrease appropriation A.6129.----.4.

Ms. Lis: Sorry about that.

Chairman Pavlock: I can say it's a typo. I see the redundancy with those dots. We can get those corrected for final take. Anyone have any questions for Val on this resolution? All in favor?
