WHEREAS, the New York State Legislature passed Discovery and Bail Reform legislation in 2020 under Criminal Procedure Law (CPL) Chapter 11-A, Part 2, Title J, Article 245. Discovery Reform requires prosecutors to share evidence in their possession soon after arraignment, well in advance of trial, and allows defendants the opportunity to review evidence prior to pleading guilty. Prosecutors are also required to share names and contact information of victims and witnesses to the defense, but are provided with the ability to protect victims and witnesses from intimidation and coercion. WHEREAS; Chautauqua County has been awarded a total of \$827,970, in addition to the initial award of \$703,124, to be shared between the District Attorney's office, Probation Department, Sheriff's office, and local police agencies in the County to assist with Discovery and Bail Reform, with priority given to the District Attorney and police agencies; and

WHEREAS, upon completion of the DCJS Discovery Reform Funding Plan by the County and approval of the plan by DCJS, the County will receive the entire award in one payment, funds can be used until they are spent in entirety, with no specified end date; and

WHEREAS, it is necessary for the effective implementation of the Criminal Justice Discovery Reform funding for Chautauqua County to extend contracts and agreements as identified in Resolution 216-21 and to enter in to a contract with the City of Jamestown Police Department; and

WHEREAS, the funding for such contracts and agreements is included in the total award and will total \$95,300; and

WHEREAS, revenues and expenditures expected in calendar year 2023 are included in the proposed 2023 budget, and future revenues and expenditures associated with the award will be included in the proposed 2024 and 2025 budgets; therefore it be

RESOLVED, The County of Chautauqua Legislature accepts the total award and authorizes the County Executive to execute the Criminal Justice Discovery Reform Funding contract with the New York State Division of Criminal Justice Services for a total of \$827,970; and be it further

WHEREAS, changes in market value of the County's investment portfolio can have an unrealized positive impact on the Capital Project Reserve; and

WHEREAS, it is the desire of the County Executive and Legislature to dedicate only realized earnings to the Capital Project Reserve; therefore be it

RESOLVED, That the County's Financial Management Policy is hereby amended to read as follows:

I. INTRODUCTION

Section 2.05(c) of the Chautauqua County Charter requires the County Legislature to adopt a comprehensive financial management policy for County government on at least an annual basis. The primary objective of this policy is to establish financial guidelines for the maintenance of County operating and capital funds, fund balances, operating and capital revenues, and the use of reserve funds. With a focus on long-term planning, these guidelines are intended to provide sound financial management in order to provide appropriate and responsible budgets for Chautauqua County taxpayers. These policies are for general use, and allow for exceptions as appropriate and necessary on a case-by-case basis.

II. PURPOSE

The County of Chautauqua recognizes the importance of adherence to sound financial management practices. By enacting financial management policies, the County of Chautauqua intends to achieve the following goals and objectives:

A. Credit Rating

The most global indicators of a county's overall financial health are the credit ratings issued by the various rating agencies in the financial community. These ratings assess a county's immediate and future financial needs and its means to fund them. It is the intent of this financial management policy to provide the financial community with the assurance that the County of Chautauqua follows structurally sound budgeting practices, maintains an appropriate level of funds in reserve, and embarks upon vigorous long-range planning for both operating and capital needs.

B. Stable Tax Structure

Government spending relies heavily upon the current economic environment. With New York State counties required to pay 25% or more for most public assistance programs, a majority of county spending is obligated to these mandated programs. During robust economic times, the demand upon social services is lower and there is very little pressure on the tax structure. During periods of slow economic growth or recessions, the demand for government services increases greatly and taxes generally rise to meet these demands. In order to stabilize the peaks and valleys in the tax rate, financial management policies should be implemented to mitigate large changes in the taxation structure.

C. Fund Balances

The New York State Comptroller recommends that each local government assess what is a “reasonable amount” for its particular situation and adopt a fund balance policy. The purpose of this policy is to establish a fund balance policy to address the needs of Chautauqua County ("County") and establish adequate reserves to ensure that unanticipated events will not adversely affect the financial condition of the County nor jeopardize the continuation of necessary public services. This policy will ensure the County maintains adequate fund balance and reserves in the County's Governmental Funds to provide the capacity to:

1. Provide sufficient cash flow for daily financial needs.
2. Secure and maintain investment grade bond ratings.
3. To provide adequate reserves to offset significant economic downturns or revenue shortfalls, and
4. Provide adequate reserves for unforeseen expenditures related to emergencies.

D. Structurally Balanced Budgets

The County of Chautauqua's definition of a structurally balanced budget is a budget that finances recurring appropriations with recurring revenues. A key component to maintaining stable taxation and fund balances is to limit the use of one-time revenues in the funding of recurring operations. It is the intent of this policy to attain structurally balanced budgets.

E. Long Range Planning

The County of Chautauqua recognizes the importance of long range planning for both operations and capital expenditures to ensure fiscal stability by providing the capability to plan for future expenditures and to weather unforeseen circumstances.

III. POLICIES

A. General Unobligated Fund Balance

This policy shall apply to the County's General Fund, only.

Fund Balance for the County's Governmental Funds will be comprised of the following categories:

Nonspendable- amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted- amounts externally imposed by creditors (debt covenants), grantors, contributors, laws, or regulations of other governments.

Committed- amounts used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority.

Amounts set aside based on self-imposed limitations established and set in place prior to year-end and can be calculated after year-end.

Limitation imposed at highest level and requires same action to remove or modify.

Resolutions that lapse at year end.

CHAUTAUQUA COUNTY LEGISLATURE

09/28/2022

Assigned- amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned- amounts that are not reported in any other classification.

When resources are available from multiple classifications, the County spends funds in the following order: restricted, committed, assigned, unassigned.

The Chautauqua County Legislature is the decision-making authority that can, by resolution, commit fund balance. The commitment may only be modified by a new resolution authorized by the Chautauqua County Legislature.

General Unobligated Fund Balance:

For the purpose of this policy, general unobligated fund balance shall consist of the Unassigned Fund Balance less any designations as footnoted in the Basic Financial Statements.

The County shall strive to maintain unobligated fund balance of not less than 5% and not more than 15% of General Fund gross revenues.

The Director of Finance shall report the amount and percentage of general unobligated fund balance to the Audit and Control Committee upon completion of the annual audit each year.

In the event that unobligated fund balance exceeds 15% of adopted budget gross revenues, the excess may be utilized for any lawful purpose approved by the County Legislature. In order to minimize the long term effect of such use, the excess should be appropriated to fund one-time expenditures which do not result in recurring operating costs, and/or be used to establish or increase reserves.

In the event that general unobligated fund balance falls below 5% of adopted budgeted gross revenues, the Budget Officer shall make a recommendation to the Audit and Control Committee to restore the balance to the minimum level in the next budget year or other appropriate period of time.

B. General Fund Five-Year Plan

Beginning in the 2006 budget year, a five-year general fund budget projection shall be completed on an annual basis that projects both expenditures and revenues. A narrative shall be attached identifying all assumptions used in calculating the projection. Additionally, this narrative shall include measures to be taken to close any budget gap that may exist.

C. Capital Projects Six-Year Plan

1. **Assessment** - A comprehensive capital assessment of Chautauqua County's physical infrastructure shall be completed at least every five years. This assessment shall include an evaluation of the current state and future maintenance needs and or replacement expense of all buildings, roads, bridges, airports, parks, and dams.
2. **Capital Requests** - Pursuant to guidelines set forth in Article 7 of the Chautauqua County Administrative Code, department heads shall present all proposed capital projects as defined in the Administrative Code.
3. **Funding** – In order to provide a consistent source of funding for the County's infrastructure, investment earnings accrued from the County's general fund plus investment earnings associated with cash contributed from out-of-county waste at the Landfill¹ shall be dedicated to the Capital Project Reserve. Additionally, revenue from the Motor Vehicle Registration fee shall fund County road and bridge projects.

¹Investment earnings associated with cash contributed from out-of-county waste at the Landfill shall be calculated as follows:

Total Monthly Investment Earnings

* (Month end cash balance, EL Fund / Month end cash balance, All funds)

CHAUTAUQUA COUNTY LEGISLATURE

09/28/2022

* % of out-of-county waste from the last fully audited year

=

Investment earnings associated with cash contributed from out-of-county waste at the Landfill Effective January 1st, 2023:

Funding – In order to provide a consistent source of funding for the County’s infrastructure, realized investment earnings accrued from the previous fully audited year from the County’s general fund shall be dedicated to the Capital Project Reserve. Additionally, revenue from the Motor Vehicle Registration fee shall fund County road and bridge projects.

4. Account closeout – No later than February 28th of every year, all open capital project accounts shall be assessed and reviewed by the Audit and Control committee. Any projects that are complete and have excess funds shall be closed out and any balances transferred to the Capital Project Reserve.

5. Planning Process – As set forth in Article 7 of the Chautauqua County Administrative Code, a Capital Projects Six-Year Plan shall be recommended by the County Planning Board, Capital Projects Committee, and County Executive on an annual basis, and shall be confirmed by the County Legislature.

D. Tax Stabilization Fund

Tax stabilization fund balance may be utilized in the tentative budget process, pursuant to New York State General Municipal Law § 6-e, in an amount not to exceed 50% of the projected current year fund balance. When the balance reaches \$250,000 or less, the entire balance may be utilized.

E. Non-Property Taxes

Non-property taxes (sales, occupancy, mortgage, motor vehicle fee) are very elastic and are dependent upon variable economic trends. It is imperative to budget these revenues with a degree of conservatism to prevent shortages due to changing economic climates. As a general guideline, these revenues shall be budgeted as the actual receipts received two years prior – e.g., the 2005 tentative budget amounts will be the actual level of receipts received in 2003.

Deviations from the "two years prior" policy shall only occur based upon known factors that may considerably impact the proposed budget such as a change in tax rates, change in taxable entities, or a rapidly changing economic environment. Any deviation from policy shall be appropriately documented.

F. Purposes and Use of Debt

1. Capital Financing: The County will rely on internally generated funds and/or grants and contributions from other governments (i.e. federal, state and local) to finance its capital needs whenever available. Debt will be issued for a capital project when it is an appropriate means to achieve a fair allocation of costs between current and future beneficiaries.

2. Asset Life: The County will consider long-term financing for the acquisition, maintenance, replacement, or expansion of physical assets (including land) only if they have a useful life of at least five years. As a general rule, debt will not be issued for the road and bridge program, because of the recurring nature of road and bridge construction and maintenance. Debt will be used only to finance capital projects and equipment, except in the case of an emergency. County debt will not be issued for periods exceeding the useful life or average useful lives of the project or projects to be financed, as prescribed in Local Finance Law.

3. Debt Authorization: No County debt issued for the purpose of funding capital projects shall be authorized by the Legislature unless it has been included in the Six-Year Capital Projects Plan or until the Legislature has modified the Plan.

G. Financial Tracking System

To provide a quantitative analysis of the fiscal condition of county finances, the New York State Comptroller's Office has developed a series of fiscal indicators. The following indicators shall be computed and tracked on an annual basis upon completion of the audit of the County's basic financial statements. The final results shall be reported to the Audit and Control committee no later than September 30th.

Indicator 1: Year-End Fund Balance

Assigned and Unassigned Fund Balance – To identify the amount of fund balance that is available in the general, special revenue, and/or enterprise funds to provide a cushion for revenue shortfalls or expenditure overruns.

Total Fund Balance – To identify the amount of fund balance that is available to be used to fund operations, provide a cushion for revenue shortfalls or expenditure overruns, and/or is reserved for specific future purposes.

Indicator 2: Operating deficits

Operating Deficit – To identify local governments that are incurring operating deficits

Indicator 3: Cash Position

Cash Ratio – To identify the ability of the local government to liquidate current liabilities.

Cash % of Monthly Expenditures – To identify the ability of the local government to fund the ensuing fiscal year's operations from available cash.

Indicator 4: Use of Short-Term Debt

Short-Term Debt Issuance – To identify the amount of short-term debt that is issued to meet obligations (cash flow).

Short –Term Debt Issuance Trend – To identify the trend in the issuance of short-term debt.

Indicator 5: Fixed Costs

Personal Services and Employee Benefits % Revenues – To identify the amount that revenues are restricted to be used for salaries and benefits.

Debt service % Revenues – To identify the amount that revenues are restricted to be used for debt service expenditures.

CHAUTAUQUA COUNTY
MOTION NO. _____

TITLE: Opposition to New York State Actions Restricting 2nd Amendment Rights

AT THE REQUEST OF: Legislators Davis, Harmon, Pavlock, Proctor, Rankin, Wilfong, Hemmer and Gustafson:

WHEREAS, On July 1st, 2022 Kathy Hochul, the Governor of New York State signed into law the Concealed Carry Improvement Act (CCIA) that was drafted in close collaboration with New York State legislature; and

WHEREAS, the Governor and the legislature surreptitiously rushed the CCIA through to passage under a message of necessity and during an ‘extraordinary session’ bypassing the traditional rules and procedures of the legislature; and

WHEREAS, many of the provisions of the CCIA that went into effect on September 1st, 2022 place unprecedented and overly restrictive conditions on applying for, obtaining, utilizing, maintaining and recertifying a conceal carry permit for personal protection and other legal uses that are protected by the Constitution of the United States; and

WHEREAS, the New York State Sheriffs’ Association recognized these new laws as “punitive licensing requirements that aim only to restrain and punish law-abiding citizens who wish to exercise their Second Amendment rights”; and

WHEREAS, Chautauqua County has a strong history of upholding the Constitution of the United States and supporting lawful citizens in their pursuit of ‘Life, Liberty and the Pursuit of Happiness’ and that Chautauqua County recognizes that these are essential elements of the freedoms that we enjoy as United States citizens; and

WHEREAS, the Chautauqua County Legislature also recognizes and respects the inherent right of our private law abiding citizens to ‘keep and bear arms’ as a means of protecting their property, self and family; therefore

LET IT BE KNOWN, that the Chautauqua County Legislature is vehemently and with full resolve opposed and requests the immediate repeal of the CCIA as being unjust, ineffective, vague, and an impingement on Second Amendment rights; and be it further

MOVED, That the Clerk of the Legislature is hereby directed to forward copies of this motion to New York State Governor Kathy Hochul, State Senator George Borello, Assemblyman

Andy Goodell, the New York State Association of Counties, and all others deemed necessary and proper.
